

Dear Parents and Students,

October is Computer Learning Month! Attached is a calendar of Computer Learning Month activities. To easily access all the links please go to our school webpage [www.kempvillemeadowses.vbschools.com](http://www.kempvillemeadowses.vbschools.com) and click on the Computer Learning Month link to access the electronic calendar. Please allow your children to complete some of these activities during the month of October to earn computer experience and prizes!!!! As students complete each activity (at least 10 minutes per activity should completed), parents should initial and date the activity in the box. Any of the activities may be completed at any time during the month. If you wish to attach copies of the work to the calendar please do so.

In order to be eligible to win a prize, students in grades kindergarten through second grade must complete at least 7 activities. Students in grades 3-5 must complete at least 15 activities.

All dated and initialed activity calendars must be returned to your child's homeroom teacher no later than Friday, **November 6th**. Classroom teachers will return their list of students who have completed the activities to Ms. Cawthon. Prizes and certificates will be distributed in November.

**Have fun during Computer Learning Month!!!!!!**

**NOTE - Students should be monitored by an adult while using the Internet. We encourage the use of pop-up blockers and filtered Internet access for students. (These are typically available from your Internet Service Provider.)**

*\*VBCPS does not control or guarantee the content of the listed websites, nor does the school division endorse the organization, its views, products, or services.*

Thanks for your participation.

Sincerely,  
Mr. Hawley  
Computer Resource Specialist
